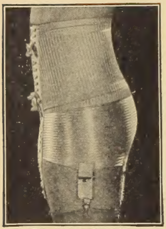
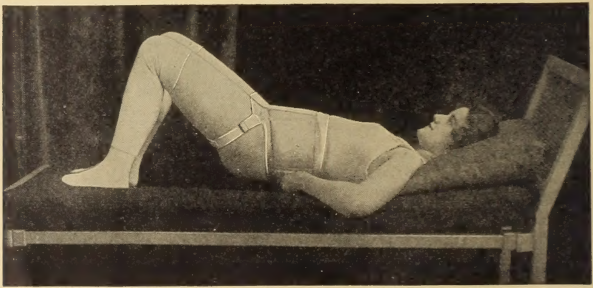
"STORM" SUPPORTERS

FOR MEN AND WOMEN



Corset Modification

Left is an illustration of a new model designed for women who like a front lacing garment, made with or without the leg straps. Easily adjusted, it gives adequate uplift and support to the abdomen.



Adjustment for Ptosis

Special instruction is given all patients on how to adjust the belt. This is done lying on the back, as shown above, knees bent, hips elevated. In this position the prolapsed organs are correctly placed, permitting normal assimilation of food and elimination of waste.

BARACH-THURSTON TENT *Senior*

Built to meet the most exacting requirements — Accepted by the AMA

CONSTRUCTION:

- Large Tinned Copper Ice Compartments
- Large Bright Canopy — covers entire bed
- Finger-Roll Rubber-Casters
- Easily Folded for small storage space
- Brass Tubes, Chrome Plated

OPERATION:

- Noiseless Motor Blower Unit
- Special Construction Forces Air and Oxygen through Ice before entering and upon leaving canopy
- Wide Range of Temperature with Automatic Humidity Control
- No Soda Lime Needed

The simplicity of this well constructed Unit allows the nurse to assume full charge of operation. Can be placed either at the side of the bed or behind it. Zipper openings on three sides make nursing and treatment a simple procedure.

BARACH-THURSTON TENT

Junior

To hospitals with limited budgets we offer the Junior Barach-Thurston Tent embodying the same principles as the Senior described above. With the exception of a smaller ice capacity and a canopy covering only three quarters of bed, it has the same outstanding features as the Senior Model. THE BEST IN OXYGEN THERAPY EQUIPMENT AT THE LOWEST POSSIBLE COST.

OTHER O. T. S. APPARATUS

In addition to tents we also carry a full line of accessories and other equipment, some of which are listed below:

- O. T. S. Face Tent and Oxy-Ator
- O. T. S. Nasal Catheter Apparatus
- O. T. S. Face Mask Apparatus
- O. T. S. Oxygen Analyzer
- Helium—Oxygen Apparatus
- Pliofilm—the New Hospital Fabric

Medical Addressing Service

WE have a service for addressing your envelopes or mailing pieces to the Physicians of any specialized field in any state or city. Rates are as low as $2.00 per thousand.

Our Physicians' mailing list has the name of every Doctor in the country. It is checked daily from every available source of information. Accuracy is guaranteed. For reference we give you the name of the publishers of this Directory.

If direct mail plays a part in your selling program to Physicians or to the allied Professions such as Dentists, Osteopaths, Druggists, etc., write for a free copy of our new catalog "Medical Lists Data." This 80-page book gives complete counts for all divisions of our mailing lists of these Professions. The catalog can be of real assistance in planning your direct mail campaigns.

Write today and a copy will be forwarded immediately.

MEDICAL PROFESSION

Laboratory Apparatus and Supplies In the rise of the American hospital to its present high plane of excellence, the use of the facilities of Eimer and Amend in planning, designing and equipping clinical laboratories, has played a definite part.

May we not collaborate in the solution of your laboratory problems?

Physicians maintaining laboratories are invited to avail themselves of the benefits of our long technical experience.

Chemicals and Chemical Reagents Eimer and Amend's TPE AND A REAGENT *Tested Purity* chemicals are preeminent in quality because the markets of the world are explored for basic materials to meet the high standards of our laboratory tests, the results of which are clearly reflected on every label.

This makes it possible to furnish, not only a wide variety of chemicals, but also RARE items not obtainable elsewhere.

Drugs and Pharmaceuticals The enviable reputation of Eimer and Amend for the quality and purity of its drugs and medicines, is the logical result of its uncompromising policy as to adulteration and substitution, and its scrupulous adherence to the highest ethical ideals of pharmacy over a period of four generations.

"The Sun-Diet
Way to Health"*

MANY physicians, knowing the difficulties often attending a program of thorough detoxication in the patient's own home, appreciate the advantages of this Foundation. Here, under proficient guidance and supported by the knowledge gained over ten years during which 10,000 patients have been assisted, there is every expectancy of achieving the results desired from thorough, systematic detoxication.

Sun-Diet Dietetic Instructions
Have Gained
Nation-Wide Acceptance

The progress made at the Foundation along dietetic educational lines has also been of interest to the medical profession. In fact, the teachings of Sun-Diet have been a definite contribution to the cause of forward-looking medical practise . . . and are frankly acknowledged and endorsed by leading physicians.

No sufferers from contagious diseases or irresponsible cases are accepted. Read more about Sun-Diet methods in our booklet "The Sun-Diet Way to Health." We will gladly mail you a copy.

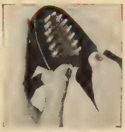
SOME EXCLUSIVE FEATURES WHICH MAKE

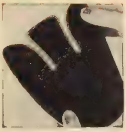
Kali-sten-iks

AN OUTSTANDING SHOE FOR CHILDREN

The KALI-STEN-IKS natural 3-point Suspension is built over a true foot-form last. The normal foot has three bearing points to support the body's weight . . . one at the heel and one at each side of the ball. In the inside sole of the Kali-sten-iks shoe you will find three impressions to carry the foot comfortably and IN ITS NORMAL SHAPE.



NAILLESS HEELS fastened with fiber instead of nails. Provide smooth insole, no danger of foot injury.



SEAMLESS VAMP, DOUBLER and LINING eliminates bunchy tongue discomfort and insures better fit.

The PATENTED BULB SHAPED HEEL with seamless back insuring perfect fit — no slipping, no gaping.

These Kali-sten-iks Stores Give Doctors' Prescriptions Their Careful Attention:

Why not try prescribing—

"ARTIE McGOVERN'S GYMNASIUM?"

ALL INSTRUCTION in our gymnasium is individual and the exercises given your patients are based on your diagnosis and recommendations. Reports of their progress are mailed to you regularly.

Artie McGovern,
Director

Author of
"The Secret of
Keeping Fit."

THE FAMOUS McGOVERN METHOD of physical upbuilding was perfected during the many years Mr. McGovern was closely associated with physicians in the Cornell Medical College, the Soldiers and Sailors Hospital, and the New York Physicians Club, where he was physical director.

THE ABDOMINAL EXERCISES of the world-famed McGovern Method are done in a reclining position. They are supplied in chart form to physicians without charge for distribution to their patients. Why not have us send you a supply? These charts may also be obtained at the reception desk of the NEW YORK STATE JOURNAL OF MEDICINE'S Permanent Technical Exposition Salon.

OUR FACILITIES include the latest type electric cabinets, hot room equipped with ultra violet ray lamps, sitz baths, electrically controlled Scotch douche, mechanical exercise equipment such as rowing machines, bicycles, exercise tables, massage, rest rooms, and lounge rooms. Patients who are physically fit may enjoy such sports as squash, handball, ping-pong, practice golf shots, boxing and wrestling.

PREFACE

THE Thirty-ninth Edition of the Medical Directory of New York, New Jersey and Connecticut has been compiled cooperatively by the Medical Societies of the states represented to give the user additional and more complete data. At no time in the past has this Directory furnished so much essential and valuable information to make it an indispensable source of reference.

Listed Medical Practitioners—30,728 physicians legally qualified to practice medicine in New York, New Jersey and Connecticut, are listed. Of this number 23,578 are registered in New York State, 4,929 in New Jersey, and 2,221 in Connecticut. In New York State (excluding New York City) there are 8,498. New York City totals 15,080 of which 7,202 practice in Manhattan, 4,382 in Brooklyn, 1,922 in Bronx, 1,405 in Queens, and 169 in Richmond.

Individual Data

Through courteous and efficient aid of the Medical Societies of New Jersey and Connecticut, the professional data published for both states is now as complete and authoritative as that for New York. For New York State it will be noted that designations have been assigned to physicians who have "qualified" under the recently amended Workmen's Compensation Laws. Such qualified physicians are designated by the symbol appearing before their names. Other code letters and numerals, indicating the specialty certifications by the State Commissioner of Labor, are keyed on page lix.

The Journal Management Committee of the Medical Society of the State of New York, under whose supervision this Directory is published appreciates the assistance given by the physicians and their representative organizations and by hospitals which enabled it to compile the contents with a negligible number of errors and omissions.

In dedicating this and future editions to greater usefulness and service, the Committee earnestly requests all physicians in the three states to take particular pains to furnish the Medical Society of their states with the data requested annually.

COLLECTIONS

THE LEADING RELIABLE COMPANY

A PHYSICIAN should exhaust his possibilities of collection within a period of six months by sending the customary bill at the consummation of the service, followed by monthly **statements. FAILING THIS, THE ACCOUNT SHOULD BE LISTED WITH US FOR SERVICE.** We will then represent you in the dignified capacity as your auditors and effect collection without antagonizing the patient or resorting to law suits. This is not a letter system. It is a thorough business-like follow-up by over 50 members of our staff who devote their entire time to this work.

MAIL YOUR LIST NOW

Mail a complete A to Z list of all patients over six months past due. Give name, address, amount due. We do the rest.

Send no money. There are no listing fees. There is a small standard commission charged on amounts recovered only. Uncollectible accounts released without charge in three months.

NO COLLECTION NO CHARGE

THE MARCH OF MEDICINE

A tribute to the 132nd Anniversary of the Medical Society of the State of New York

By Funk and Dubin Research Division of U. S. Vitamin Corporation

As the new officers of the Medical Society of the State of New York take up the reins of the old officers, they accept the traditions and results of the accumulative work of outstanding men who have gone before them through the many years. The courage and high sense of ethics of the officers of the past, like that of the incoming physicians, has never failed to carry organized medicine through its many problems to greater heights than formerly.

Today, we owe a debt of gratitude to the men who have so ably guided organized medicine in this state to a place of sincere recognition and great value to all they serve.

We, too, recognize our responsibility in contributing to scientific advancement in nutritional therapy. Ever since 1912 when our Dr. Casimir Funk first coined the name "vitamine" and gave vitamin therapy to the world, each year has brought forth developments of great value in fighting disease.

Briefly, the chronological progress of the practical aspect of vitamin research may be divided into the following epochal contributions:

In 1912. Dr. Casimir Funk named "vitamines" in connection with research on the factor which became known as Vitamin B.

In 1920. Emmett and Luros suggested that there was a difference between the antineuritic Vitamin B_1 and the growth promoting factor which later was designated as Vitamin B_2 (G).

In 1921. Evans announced existence of a factor which he named Vitamin E.

In 1922. Dr. Casimir Funk and Dr. H. E. Dubin developed the first Cod Liver Oil Concentrate of Vitamins A and D (Oscodal).

In 1924. Vitamin D value of irradiated ergosterol (Viosterol) established by Hess and by Steenbock.

In 1928. Szent-Gyorgyi isolated hexuronic acid (ascorbic acid) from natural sources.

In 1932. Schmidt-Nielson discovered high vitamin potency of Halibut Liver Oil.

In 1933. Nelson and collaborators establish high vitamin potency of Tuna Liver Oil and other liver oils. Reichstein and collaborators synthesized crystalline Vitamin C.

In 1934. Vitamins A-B-D in concentrated form introduced to the profession.

1935-36. Isolation and synthesis of Vitamin B_1 by Williams and coworkers.

In 1936. Funk and Dubin prepared the first vitamin and mineral concentrate, Vi-Syneral, containing the six definitely known vitamins fortified with eight essential minerals.

We join in wishing the New York State Medical Society incoming officers the congratulations due them in this new era of medical progress.

- —with really *accurate* Acousticon custom fittings on the Aurogauge. . .
- —with reports on patient reactions made directly to you . . . or a demonstration in your office.
- —with 36 years of experience with the hard of hearing. . .
- with fully equipped offices in 150 American cities and throughout the world.

FOR many years Otologists and Physicians have used the facilities of the Acousticon organization in their work with the deafened, secure in the knowledge that they could refer their patients to us with complete confidence.

In 150 conveniently located cities Authorized Acousticians (carefully trained hearing aid representatives) are ready to serve you and your hard of hearing patients. Here, by means of the recently introduced Aurogauge, Acousticon hearing aids are fitted in the newest and most accurate way—to the *individual requirements* of each patient. Behind these methods stand 36 years of specialization—more than a third of a century of ethical, dependable cooperation with the medical profession.

On request, detailed reports of the patient's reactions to different hearing aid assemblies are gladly submitted directly to the physician. The patients you send here for fittings are not exposed to "selling;" the atmosphere is pleasantly professional.

Remember, please, that it has been sufficiently established that no Audiometer reading is more than a theoretical guide to the fitting of a hearing aid. An "actual use" fitting is all essential—which function is efficiently performed with the Aurogauge at our offices *without charge* or obligation.

A high fashion two centuries old—

For over two centuries Spain has cherished the Sherries of Pedro Domecq—her oldest Sherry vintner. And it is still a fine compliment here, as there, to pour out glowing drinks of this fine, rich Sherry for your honored guest. Under the label of Pedro Domecq are sherries ranging from the extra dry to the sweet dessert types.

We have prepared a colorfully illustrated monograph telling of Sherry's glamorous past. For your copy write to:
